

Bulletin 805: Product Selection Guide: **Transmission Training Yard Panel**

a

Quantity of Isolated Circuits	
Code	Descriptor
1-12	Enter Quantity

d

Circuit Orientation	
Code	Descriptor
T	Transmission

b

Quantity of Remotes	
Code	Descriptor
1-12	Enter Quantity

*Remotes can be mapped to control any circuit.

e

Circuit Voltage (Line to Line)	
Code	Descriptor
34	34kV*
40	69kV
80	138kV
0	Other**

*For hot sticking

**Please note "other" circuit voltages.

c

Environmental Considerations	
Code	Descriptor
Blank	Not needed
H	Extreme Heat
C	Extreme Cold

*Temperatures above 40°C (104°F) for more than one week, or below 0°C (32°F) for more than one week.

f

Main to Circuit Feed Cord Length	
Code	Descriptor
1	100'
2	200'
3	300'
